Application and facilities

As a general rule applicants to university courses must have previously studied for at least 12 years.

The admission procedures differ depending on citizenship (EU/non-EU) as well as on entry requirements.

Besides scholarships and incentives the University of Milan also provides students with refectory and accommodation services on the basis of income and merit.

Information

Details about courses, applications and fees, are available on our International website together with a useful Welcome guide. For any doubt contact us!

LA STATALE

Studying in Milan
Italian capital of innovation

University of Milan - LA STATALE
Innovation and tradition to build the future

Why the University of Milan - LA STATALE

Studying at the University of Milan brings you into the heart of a sound Italian cultural tradition and into the thrill of a unique insightfulness for innovation that will land you to a top international career.

By applying to one of our bachelor or master degree programmes you will have the opportunity to:

- join in a leading teaching and research intensive university: the only Italian institution among the 21 members of LERU (League of European Research Universities)
- live in the exciting and dynamic city that hosted Expo 2015: Milan known throughout the world for science, finance, fashion, design and art.

Boost your talent

Like all the 129 degree courses on offer for the academic year 2016/2017, our international programmes in English and the double degree paths – listed below – are designed to get the best out of your talents. You just have to make the first move and apply!
